Subject: Final Briefing Material: Administrator's Trip to LA for Climate Preparedness Task Force

Thank you for everyone who helped pull together the briefing materials for the Administrator's trip to Los Angeles next week. I greatly appreciate your hard work in creating these materials, especially with such a quick turnaround! Attached are the final briefing materials created by Region 9 that were submitted to Headquarters. Please share such with anyone who was accidentally left off of this email. Thanks again and have a great weekend!

Trina Martynowicz
